Student Opinions Questionnaire

Population 1

=====

Directions

The purpose of the Opinion Questionnaire is to let students tell us what they think about science and about the schools they attend. This is ***not*** a test, and there are no right or wrong answers.

Please give your opinion for each statement by circling one of the letters:

- A if you ***agree*** with the statement
- D if you ***disagree*** with the statement
- U if you are ***uncertain*** or you ***don't know***

If you want to change your answer put a cross (X) through the old answer and a circle around the new one:

For example:

old response	\ /
	(A)
new response	/ \
	(D)

Please do not turn the page until asked to do so.
