Directions

In this test words are given to you in pairs. In each pair, the two words have something in common. You must decide whether the words mean nearly the **same** thing, or nearly the **opposite** thing, with respect to what they have in common.

If you think the words have the **same** meaning, draw a ring round the 'S'.

If you think the words have the **opposite** meaning, draw a ring round the 'O'.

Here is an example:

high low S (O)

The words 'high' and 'low' both refer to height. However they are nearly **opposite** in meaning. Therefore you should draw a ring round the 'O', as above.

For each of the following pairs draw a ring round the 'S' or the 'O'. You should attempt every item for which you think you know the answer, but do not guess if you have no idea of the answer.

Please do not turn the page until asked to do so.
