Student Opinions Questionnaire

Population 2

=====

**\*Directions\***

The purpose of the Opinion Questionnaire is to let students tell us what they think about science and about the schools they attend. This is **\*not\*** a test, and there are no right or wrong answers.

Please give your opinion for each statement by circling one of the letters:

- A if you **\*agree\*** with the statement
- D if you **\*disagree\*** with the statement
- U if you are **\*uncertain\*** or you **\*don't know\***

If you want to change your answer put a cross (X) through the old answer and a circle around the new one:

For example:

```

old response      \  /
                  (A)
new response      /  \
                  (D)
    
```

Please do not turn the page until asked to do so.
